SECTION A-A

EXPLODED VIEW

MATERIALS

- Mirror-polished chrome metal
- Bubble-effect textured gradient glass, dark top to clear bottom
- Faceted crystal pendants
- Integrated hidden LED at candle base
- Minimal stainless suspension cable

ASSEMBLY STEPS

1	2	3	4	5
Fix the support plate to the LED base.	Attach the crystal pendants to the support plate.	Slide the glass tube over the LED base until seated.	Screw the top cap onto the glass tube.	Insert the cable into the top cap and secure the finial.

DIMENSIONS IN MM

Overall height	420
Finial height	95
Glass body height	200
Support plate width	150
Support plate depth	150
Glass body diameter	Ø50
Central crystal drop length	95
Cable diameter	Ø2

TOLERANCE: ±1 MM

PARTS LIST

NO.	PART NAME	QTY	MATERIAL / FINISH
1	Suspension Cable Ø2	1	Stainless Steel / Polished
2	Flame Finial	1	Mirror-polished Chrome
3	Top Cap	1	Mirror-polished Chrome
4	Glass Tube	1	Bubble-effect Glass (Engraved)
5	LED Module	1	LED / Aluminum / Polycarbonate
6	LED Holder Ring	1	Aluminum / Chrome Finish
7	Support Plate	1	Mirror-polished Chrome (Faceted)
8	Crystal Link Assembly	6	Stainless Steel / Polished
9	Faceted Crystal Pendant (Small)	6	Crystal / Clear
10	Faceted Crystal Pendant (Large)	1	Crystal / Clear
11	Faceted Crystal Drop (Bottom)	1	Crystal / Clear

MATERIAL SPECIFICATION

Mirror-polished chrome
High-grade brass or aluminum with mirror chrome finish

Bubble-effect gradient glass
Clear glass with internal bubble effect and laser engraving

Faceted crystal
High-clarity K9 crystal

LED module
Warm white 2700K
CRI > 90

Stainless steel components
SUS 304 / Polished

Minimal stainless cable
SUS 304 / Ø2 mm

ASSEMBLY LOGIC

(Top to Bottom)

1. Install the suspension cable and secure the cable gripper.
2. Fix the flame finial onto the top cap.
3. Attach the top cap to the glass tube (screw fix).
4. Install the hidden LED module into the glass tube.
5. Place the LED holder ring onto the tube.
6. Fix the support plate and secure.
7. Attach the crystal link assemblies to the plate.
8. Hang the faceted crystal pendants (small, large and bottom drop).
9. Check alignment and final secure all components.

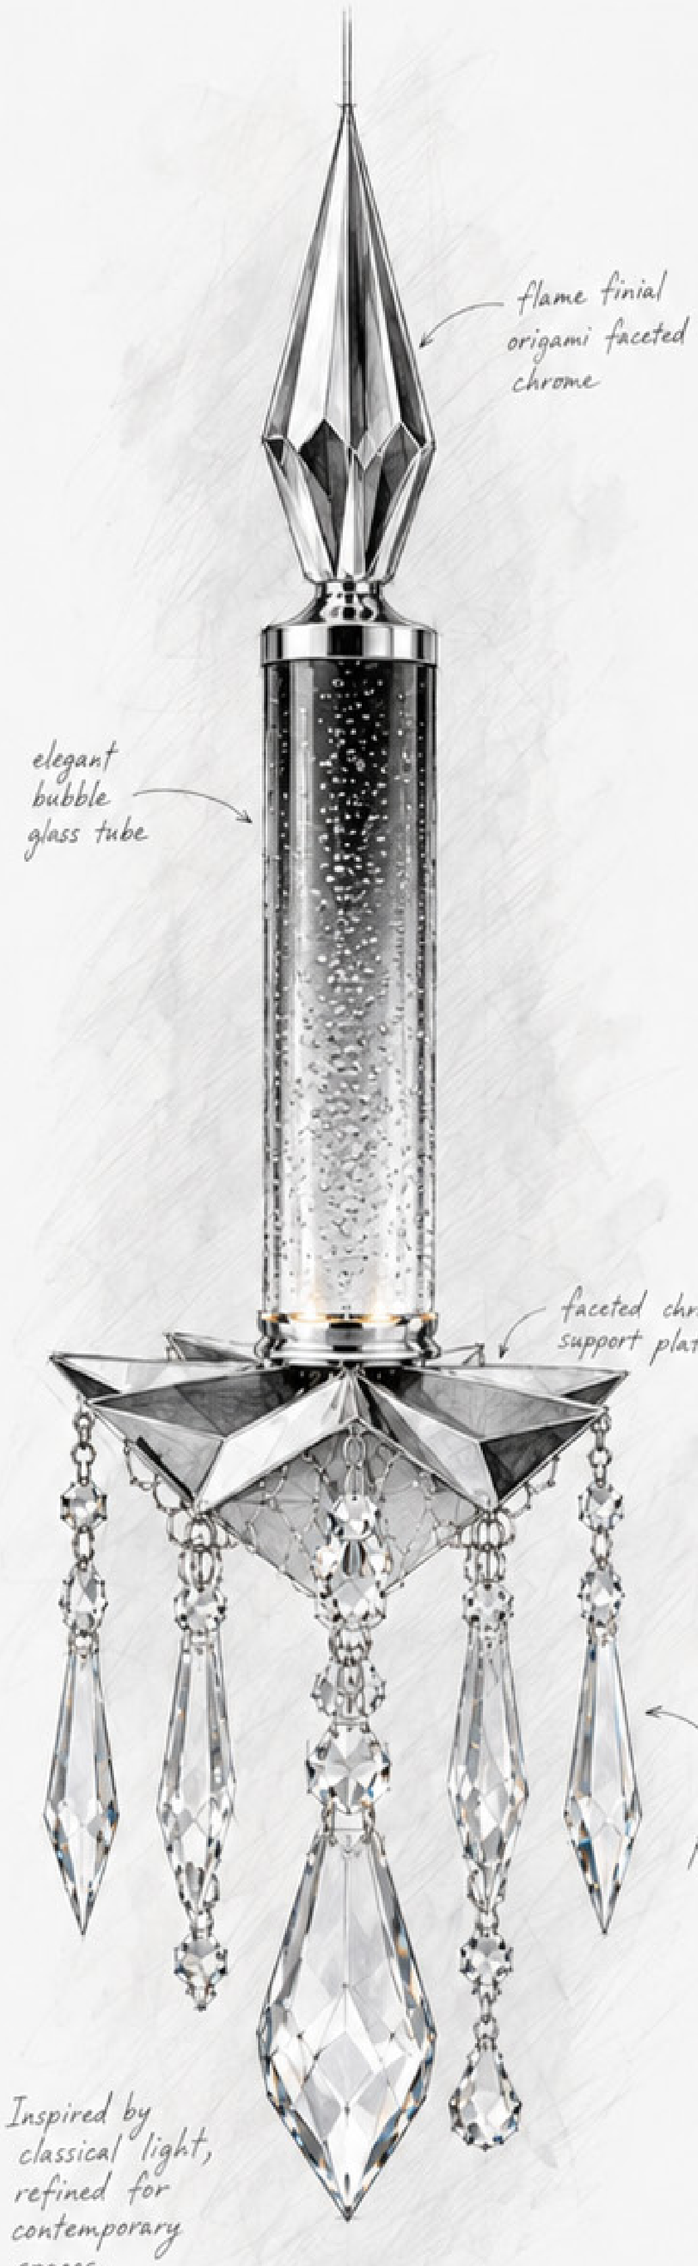

DIMENSIONS IN MM
TOLERANCE: ±1 MM

DESIGN INTENT

This pendant explores the dialogue between classical elegance and contemporary minimalism.

The origami-inspired flame finial and faceted support plate evoke jewelry-like precision, while the bubble glass tube introduces subtle texture and light diffusion.

Hanging crystal pendants refract light with grace, bringing movement and brilliance to the composition.

Every element is crafted to elevate the everyday with timeless sophistication.
