LUXURY PERFORMANCE DAYBOAT

DESIGN BY ARGER DESIGN

SPEED AS AN ART FORM. FREEDOM AS A PHILOSOPHY.
WAHOO 24 represents a bold new interpretation of the modern performance dayboat, where emotion, technology, and uncompromising aesthetics merge into a single sculptural form.
Inspired by the world of exclusive supercars and visionary automotive design, WAHOO 24 transcends the conventional boundaries between engineering, architecture, and the art of motion.
Its striking silhouette, elongated aerodynamic lines, seamlessly sculpted surfaces, and distinctive hull contours establish an unmistakable identity.
Every curve, every proportion, and every detail serves one purpose: to create an extraordinary object that evokes emotion long before it begins to move.

A NEW DIMENSION OE LUXURY

THE ART OF LIFE ON THE WATER.

The interior of WAHOO 24 extends the philosophy of its exterior design, creating an atmosphere inspired by the world's most exclusive grand touring automobiles.
Two sculptural, ergonomically designed captain's chairs, an integrated digital helm, a panoramic smoked-glass windshield, and an elegantly contoured aft lounge create a refined environment dedicated to comfort, aesthetics, and the pleasure of every journey.
Premium marine-grade upholstery in rich Cognac Tan is complemented by polished metallic accents, high-gloss surfaces, and sophisticated teak-inspired decking.

WAHOO 24

Design by ARGER DESIGN

A refined expression of electric performance and Mediterranean minimalism. WAHOO 24 combines timeless proportions with advanced technology, creating a pure, effortless boating experience for modern life on the water.

ENGINEERED FOR EMOTION

PERFORMANCE WITH A DISTINCTIVE CHARACTER.

At the heart of the WAHOO 24 concept lies a powerful V8 petrol propulsion system, reflecting its uncompromising sporting character.

The proposed Mercury MerCruiser 6.2L V8 configuration, delivering 350 horsepower, combines responsive power with the refined engineering philosophy of a premium performance dayboat.

The conceptual technical layout features an aft-mounted engine, a centrally positioned fuel tank for balanced weight distribution, dedicated equipment compartments, and carefully planned service access.

From its dynamic exterior proportions to its driver-focused cockpit, every aspect of WAHOO 24 is conceived to heighten the connection between the vessel, the water, and the person at the helm.

DESIGN WITHOUT COMPROMISE

BEYOND TRANSPORTATION. BEYOND CONVENTION.

WAHOO 24 is more than a performance boat.

It is a personal expression of design, individuality, and freedom.

Created for those who appreciate extraordinary objects, refined craftsmanship, and distinctive experiences, WAHOO 24 embodies a lifestyle defined not by convention, but by the desire to explore beyond it.

A fusion of automotive inspiration, contemporary marine design, and sculptural sophistication.

WAHOO 24 — NOT JUST A BOAT. A STATEMENT.
