ARGER DESIGN

JERSEY

Presence. dressed.

DESIGN BY DENIS ARGER

A silhouette *with a point of view.*

JERSEY turns the armchair into a statement of personal style. A generous textured back meets a smooth, dark seat and a warm metallic edge. Softness and structure share one expressive outline.

The shape *of character.*

An enveloping back. A grounded seat. A curved edge that catches the light.

JERSEY / ARMCHAIR

Wear *the room.*

Quiet confidence. A tactile silhouette. An armchair that gives a room its own character.

JERSEY / ARGER DESIGN

Touch. Texture. *Contrast.*

Deeply textured upholstery, a smooth dark seat and a softly reflective metal-toned shell: the visible finish direction is tactile, restrained and unmistakably sculptural.

Every side *has a story.*

A continuous visual gesture,
from the front to the back.

Materials, *considered.*

A finish study, not a manufacturing specification.

Shown: dark textured upholstery, a smooth matte seat and a warm metal-toned lower shell. Fibre composition, leather grade, metal alloy and final finish codes require confirmation.
